Rynoh provides settlement agents with the necessary tools to track and manage their escrow accounts.

Rynoh Bundle Benefits

- Monitor your escrow accounts continuously and ensure they are fully audited
- Automatically receive fully analyzed agent reconciliations
- Utilize anti-fraud algorithms to detect potential problems
- Structure permissions and responsibilities based on your department's organization

---

Designed by a Title Agent - For Title Agents.

The Rynoh All-In-One Software Bundle offers everything you need to streamline your financial operations. Enjoy automated escrow reconciliation to simplify complex processes, escheatment tools to ensure compliance with unclaimed property laws, and operational account management to keep daily transactions running smoothly. Plus, take advantage of our new advanced account verification features for enhanced security and accuracy.

We tell you what you need to know when you need to know it, and give you the luxury of automatically generating reports that allow you to manage and reconcile your accounts daily.

RynohOpX
Powerful Products With **Purpose**

Labels on rhino image: Fraudulent Activity Identification; Convenient & Smart Reporting; Seamlessly Integrates With Your Accounting Software; Automated Daily Reconciliation; Customizable Account Alerts

Rethink Your Business Finances With Zero Guesswork.

Title Insurance Underwriters

National and regional title insurance underwriters, representing **more than 90% of the market share**, have tested, evaluated, endorsed and mandated the use of Rynoh to mitigate losses caused by agent escrow theft or the mishandling of settlement funds.

Mortgage Lenders

For lenders, Rynoh will validate the integrity of the transaction from origination to closing.

E&O Insurance Providers

E&O insurance providers recognize Rynoh as a reliable solution for deterring fraud, embezzlement, and accounting errors prompting many to offer Rynoh users rebates as long as they remain active customers.

Rynoh Allows Title Insurance Underwriters, Lenders, and Regulators to:

- Monitor the agent's escrow accounts continuously and ensure they are fully audited
- Automatically receive fully analyzed agent reconciliations: Utilize Rynoh's anti-fraud algorithms to detect potential problems
- Access the agent's accounts remotely to review
- Minimize financial losses due to fraud and agent defalcation: Reduce personnel, audit, and travel costs
- Improve business practices and increase profitability: Structure permissions and responsibilities to match corporate responsibilities
- Ensure regulatory compliance
